

ONE DAY

Verse

One day It's gonna be alright
I'm tryna make it work
I'm tryna stay alive
And I know you're out there with your friends
You're tryna fit in
But don't lose your head

Pre chorus

Look at momma's life
See the way she used to live
And don't make the same mistakes
And you know very well
Daddy was never there
So when you're choosing, choose well
All im saying
All im saying

Chorus

Is maybe
One day when we grow up
We can sing about how hard life was when we were younger
And we can laugh it off baby
And maybe
Maybe
You won't be so mad at me
For the things I had to do to get there babe
Oh one day
Oh yeah

Verse

Well I know that I ain't no saint
I've made my own mistakes along the way
But I've been there
I know what it's like
Crying every night
Asking God why

Pre Chorus

Like why'd he have to lie
What didn't I do right this time
Ooh yeah yeah babe
again
And the one thing that I've learnt
From the times that i've got burnt

There no fire's gonna put me out no no
Cuz tomorrow's another day
And i'm saying
And i'm saying

Chorus

That maybe
One day when we grow up
We can sing about how hard life was when we were younger
And we can laugh it off baby
And maybe
Maybe
You won't be so mad at me
For the things I had to do to get there baby

Bridge

I wanna tell ya
I wanna tell ya
How much I love ya
How much love you
And Everything I did
I did for you . (2X)

Outro

One day , Oh...
ooh...
