Int. day. Living room

John is smoking next o the window,, finished his cigarette and start singing Christmas song, stops after a while grabs his phone and call Mark.

John  
Hi Mark

Mark  
Who is this

John  
Its me, John  
What. Are you surprised

Mark  
Kind of

John  
How you doin

Mark  
Fine you?

John  
I ve been better

Mark  
John, you cant keep running they are going to find you sooner or later

John  
Im in my house

Mark  
Your house?

John  
See you soon

John hangs up on mark and goes puts some water in the heater, then he goes to another room to his desk. He opens a drawer, there's a gun a file named "escape plan 2005" a passport and money.

He takes the file opens it and take out a photo of an island (we can hear the sound of waves but its gets confused with the sound of the water heater)

He goes and make two cups of tea, puts them on a table and opens the door.

He sits down smoking, we can see he feels someone is approaching the door. Mark enters, takes a look at the house quickly and goes sits in front of john. They keep staring at each other.

John  
You want some tea?

Mark  
Im fine

John  
Cigarette?

Mark  
I don't smoke

John  
Lucky man

Mark  
What going on John, what you doin?

John  
What do you mean?

Mark  
Come on jhon, we are both killers we know each other. You know what I  
meant

John  
Nothing going on, I just give up. It doesn't matter anymore

Mark  
Why now?

John  
Because its too late for anything else, and im tired of running

Mark  
So what now?

John  
(looks at him)  
how much they gave you

Mark  
20 millions

John  
Huh.. once I killed a congressman dog for 20 million.

(looks at the window for a moment, and puts the escape plan file on  
the table, opens it and take the island photo and show it to mark)  
Beautiful isn't it, (john looks at the photo sadly) you know I had a  
perfect escape plan. But I was greedy, at some point I started to love  
what im doing. This business sucked me into it. I couldn't stop, I  
didn't want to stop even if they asked me to do it. And now its too  
late, ( he burns the picture).

Mark grabs his gun.

John

(Puts a small medicine bottle on the table)

Don't bother; I always wanted to finish what I started. You see this  
(The medicine) they call it "the soft pillow" cool name? it stops  
your heart without feeling anything, its like when you die sleeping.

John puts some of the poison on his cup, drinks it. And put his  
Christmas song on the speakers. And closes his eyes softly.

Mark puts his gun on his pocket. Checks john's heart beats. And leaves  
after he takes john escape plan file.

Int. Night. Mark desk

Mark opens john' file and found a little note said "Escape plan  
version 2020" the file contains a picture of Mark and some papers  
about the "soft pillow".
